

Electromechanical Technician

Baie-d'Urfé (West of Montreal), Full-time

Micom Laboratory, a recognized specialist in physical and mechanical testing, is looking for a talented Electromechanical Technician to strengthen its team based in Baie-d'Urfé, west of Montreal. If you are passionate about mechanics, electricity, and problem-solving, you belong with us!

ABOUT MICOM LABORATORIES INC.

Micom Laboratories Inc. located in Baie-d'Urfé, is an independent ISO/IEC 17025 (2017) A2LA accredited laboratory specializing in product and material testing, with recognized expertise in the field of accelerated aging. For many years, our commitment has been to fully satisfy our customers by offering comprehensive testing services tailored to the complex needs of today's market.

ROLES & RESPONSIBILITIES

Within our laboratory, you will play a key role in conducting fatigue tests on various equipment, including for watercraft and snowmobiles. You will be responsible for:

- Mechanical assembly of test benches.
- Using actuators and specialized equipment.
- Programming data acquisition and control systems.
- Conducting tests, ensuring follow-up, and quality of results.
- Writing test reports, documenting procedures, and results achieved.

QUALIFICATIONS

For this position, we're looking for a candidate with the following qualifications:

- Training in electromechanics or equivalent field.
- Skills in data acquisition and control.
- Excellent problem-solving abilities and manual dexterity.
- Meticulous, organized, and detail-oriented.
- Ability to work in a team and maintain a positive attitude.
- Experience in a standardized environment (ISO 9001, ISO 17025, etc.) is considered an asset.

WE OFFER

- A full-time position (40 hours/week) with a flexible schedule.
- Competitive salary (\$20 to \$30/hour, based on experience).
- A comprehensive insurance plan for your peace of mind.
- Access our on-site gym for your well-being.
- Excellent accessibility: only a 6-minute walk from the commute train and soon 0.8 km from the REM (Réseau Express métropolitain).
- A bike path right in front of our premises for cycling enthusiasts.

WORK ENVIRONMENT

At Micom Laboratories, we value a friendly and inclusive work environment where every team member can grow and develop professionally.

GROWTH OPPORTUNITIES

We encourage the professional development of our employees and provide opportunities for advancement within the company.

COMMITMENT TO DIVERSITY AND INCLUSION

At Micom Laboratories Inc., we believe in the importance of diversity and inclusion in our business. We are committed to providing a respectful work environment where everyone can thrive and make their unique contributions.

👉 Are you ready to take on this challenge and be part of a dynamic and innovative team? Send your resume and cover letter to emploi@micomlab.com.

Join Micom Laboratory and contribute to the advancement of technology and innovation in a stimulating environment!

We look forward to discovering your application!
